

CENTRAL
Garden & Pet

WARNING

This product is so extremely effective in holding flying insects, it is also capable of trapping small flying animals, such as bats or hummingbirds, that may accidentally fly into it. Do not hang anywhere birds, bats, pets or children may accidentally come in contact with glue.

DIRECTIONS

- 1 Choose an area on ceilings or exposed rafters out of reach of children and animals to hang Musca-Stik™ fly trap.
- 2 Carefully remove Musca-Stik™ fly trap from package. Sprinkle attractant granules over length of trap or pour into bottom plastic end-cap. Pull out hook and hang. (Note: Save the box for later disposal of Musca-Stik™ fly trap)
- 3 Replace the Musca-Stik™ fly trap when 80% or more of the exposed surface is covered with trapped insects. Dispose of unit by placing in original box or appropriate garbage bag.
- 4 Surface of the trap is extremely sticky, but not poisonous.

INSTRUCTIONS FOR REMOVAL OF GLUE

If on skin, clothing, or inanimate objects, remove with waterless hand cleaner, then wash area with mild soap or detergent. If in hair, animal fur, or feathers, use baby oil or mineral oil. Massage area with generous amount of oil then wash with warm water and soap or shampoo. Rinse well. This treatment may have to be repeated several times to assure complete removal.
